

## MEMORANDUM OF INFORMATION

### To Institutions which are interested in the ALGERNON SYDNEY SULLIVAN AWARD

The Algernon Sydney Sullivan Foundation\* has received inquiries which suggest that the following memorandum of advice and information may be of use to the various universities and colleges wherein and by which the Award is to be made.

- I. **PURPOSE.** It is the purpose of this Award to establish a permanent reminder of the noblest human qualities as expressed and followed in the life of Algernon Sydney Sullivan and to do so in a manner which will perpetuate the influence of such a man, not so much as an individual but as a type.
- II. **METHOD.** There can be no better way to accomplish this end than to recognize like qualities in others, and to encourage in youth the development of such characteristics. It is for this reason that the field of Education has been chosen and certain representative institutions selected through which this recognition may be made and this encouragement given by annual Awards.
- III. **IN RECOGNITION OF SPIRITUAL QUALITIES.** The Award should be made only in recognition of fine spiritual qualities practically applied to daily living, as distinct from high scholarship, athletic achievement, success in business, professional ability, political leadership, or mere worldly prominence in any calling. Nevertheless, by no means do we fail to realize that the highest spiritual and humanitarian qualities can be found in intimate and inseparable association with a successful pursuit of any such followings. That being true, it may well be kept in mind that the Award may be more wisely bestowed upon a high-minded person of affairs than upon a high-minded recluse whose influence must necessarily be limited. The object of the Award is not so much to encourage one individual, as it is to reach and to influence many.

\* Successor in administration to the New York Southern Society, which founded the Award in 1925.
