

## Gold Side Song

We are a symphony  
With our hearts in perfect harmony  
We'll make a melody  
That we can't make separately  
We are black and gold  
Love will guide us, it will see us through  
New, old, loyal Golds  
This our song we'll never be through  
Don't think that we will ever stop singing  
Because a song in our hearts is ringing  
A song of joy that binds us together  
This is a song that we'll sing forever  
Boom! Sha la la  
Boom! Sha la la  
Boom! Sha la la  
G V  
Hey, ho, loyal Gold  
Stop and look and listen to our chant  
Soon we will have won a Golden Victory  
Hey, ho, loyal Gold  
Leaders: Hey Gold Side! What's it gonna be?  
Side: A GV!
