

Policy 01:140 – Weapons

Except as expressly permitted by law, no student, employee, or other person shall possess, use, or transport weapons in or on University buildings, facilities, or property. For purposes of this policy, the term "weapon" includes but is not limited to firearms, guns, and other devices designed to expel projectiles at a high rate of speed, explosives, incendiary devices, projectiles, ammunition, knives with a blade length of more than two (2) inches, archery equipment, any device so classified under state or federal law, and any device, equipment, or material designed, assembled, or used for the purpose of inflicting bodily harm or causing property damage. The term "weapon" does not include devices, equipment, or material necessarily incident to the execution of an authorized or University sanctioned activity (e.g., supervised archery instruction), function (e.g., food preparation), or job (e.g., law enforcement officer). The President is authorized to issue more detailed or contextually specific directives, standards, and interpretive guidance regarding the application and enforcement of this policy in order to facilitate its implementation and to ensure compliance with evolving legal developments and mandates.
