<i>STRENGTHS of your program:</i>						
<ul style="list-style-type: none"> • All of the field experience that we got to experience. • The professors are very knowledgeable in their areas as well as other areas that they do not teach. - Wonderful program with professors who care.
- Everything was edTPA related things were great.

GROWTH AREAS of your program:

- More information on the Praxis exams. For example, more access to study information.
- I really would have liked more training in teaching math.
- Preparation for the Praxis.
- Incorporating full days before internship.
- Classroom management and time management.
- Preparation for math instruction.
- edTPA should've been during pre-internship.
- More lower grade content in teaching math class.
- edTPA testing arrangements.
- edTPA information.
- The only growth would be deeper help and more practice with Task 4 in edTPA. Not enough practice or examples.
