Question Comments

What aspects of your internship did you feel most prepared for? Explain.

- Differentiation, different methods of assessing, different ways to integrate technology.
- Lesson planning, organization, rapport with kids, collaboration with SE, modifying and accomading [sic] instruction
- Being able to differentiate lessons and make lessons engaging for students

What aspects of your internship did you feel least prepared for? Explain.

- Picking out errors and weaknesses in students' reading. I found I had a difficult time teaching reading and finding ways to address needs there.
- Teaching ELA/reading. I had a 6th grade placement in lit block and I think I missed out on many basic skills in phonics that I found hard to catch up on in other grades.
