Question Comments

What aspects of your internship did you feel most prepared for? Explain.

- I felt prepared for the lesson planning process. I am a skilled writer and planner, and I believe my courses helped me with effective strategies and objective. I have no problem putting things on paper.
- I felt confident planning lessons, and I felt comfortable taking control of the classroom.

What aspects of your internship did you feel least prepared for? Explain.

- I felt least prepared for filling the time of a class period. My CT pointed out that many of my lesson plans were extremely well-written and had great strategies, but when the time came to teach them,

they only took up 2/3 of class time. I found myself scrambling to find filler activities, which my CT criticized me for.

- I was slightly overwhelmed by the EdTPA commentaries, but I felt confident completing the lesson plans
