Course Comments

- I would have liked to take classroom management classes sooner.

Question Comments

What aspects of your internship did you feel most prepared for? Explain.

- I felt very strong with my content knowledge. The classes in the pre-internship block were very helpful in refreshing my memory of content and teaching me ways to teach that content.
- Writing lesson plans.
- Ed TPA

What aspects of your internship did you feel least prepared for? Explain.

- I felt least prepared for classroom management. I did not take the same classroom management course as the elementary education students took, because I am an elementary/collaborative major. I also felt overwhelmed with trying to teach 10 full days while also completing edTPA. I think if I had been required to teach full days during pre-internship block, I would have felt more confident about teaching full days so soon.
- Transitioning from subject to subject during full teaching days.
- Teaching consecutive days
