#	RESPONSES	DATE
1	The most valuable aspects of my Professional Studies Courses are our engagement in classrooms under realistic teaching conditions, and our preparation for such conditions through the refinement of lesson plan development.	4/17/2020 7:48 PM
2	-assignments and grades distributed through canvas. -enthusiastic teaching. -helpful comments and corrections given on assignments graded.	4/16/2020 11:52 AM
3	The accessibility and support are real strengths of the program. Montevallo seems to have wonderful connections with a number of people that are in positions of influence within the education community in Alabama. The history of the education program at Montevallo and its reputation of producing effective teachers is very valuable. The professors that I have encountered in the program have all been very helpful.	4/14/2020 10:12 PM
4	I think one of the biggest strengths within my Professional Studies Courses is the number of student teaching hours we are given. Also being given assignments from our professor that we need our Cooperating Teacher's help with makes it so that we have to communicate with our CT's more and learn more about their classroom in a broken down manner.	4/13/2020 7:47 PM
5	I like placement a lot! It's nice to get to actually experience what I'm hoping to do, and since I'm not from this area I don't have existing connections to a middle or high school here. This has given me the chance to make some!	4/13/2020 4:29 PM
6	The courses for the Secondary Education Teacher Education Program have benefited me because of the Professor, Dr. Tammy Cook, who has a passion for the course. She inspires me to be the best student and teacher candidate that I can be.	4/10/2020 1:29 PM

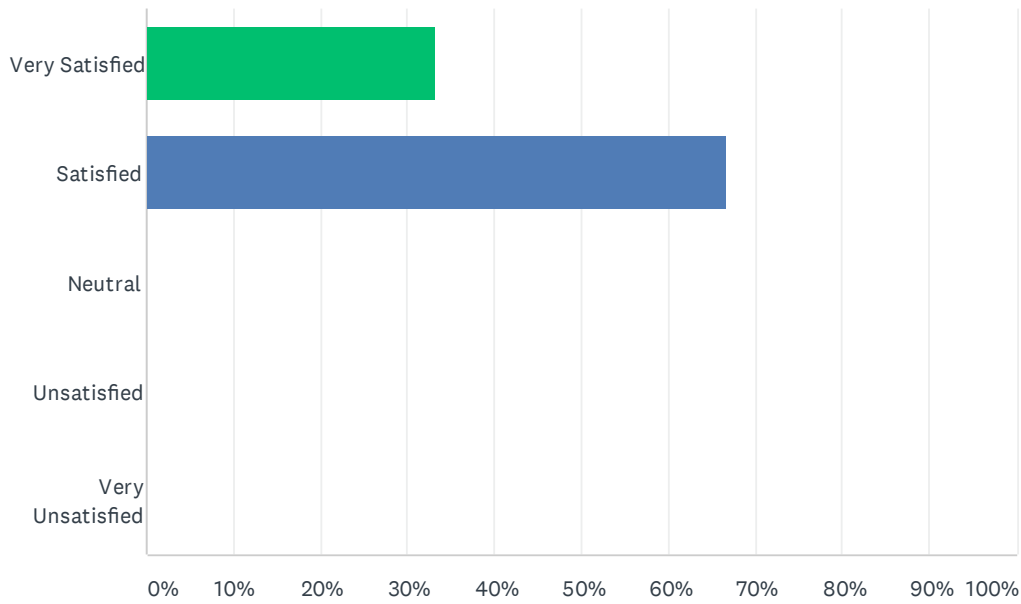

Q5 List those things that you perceive as growth areas or specific ways in which the Professional Studies Courses could be improved.

Answered: 5 Skipped: 1

#	RESPONSES	DATE
1	The only area where the Professional Studies Courses could improve is having classes more regularly and for shorter lengths instead of once every two weeks.	4/17/2020 7:48 PM
2	-response to emails	4/16/2020 11:52 AM
3	I have felt very supported throughout my time in the program. I am comfortable with being in front of people and the presenting side of teaching, but I think that other individuals in the program might benefit from more practice in this area.	4/14/2020 10:12 PM
4	I think a growth area that would not be considered until this year is how to allow students to continue to get their student teaching hours when schools have been moved to an online format.	4/13/2020 7:47 PM
5	I cannot think of anything for which could be improved.	4/10/2020 1:29 PM
