GEAR UP serves a cohort of students who will be entering 9th and 10th grade during the 2021 – 2022 academic year. 3. Increase GEAR UP students' and their families' knowledge of postsecondary education options, preparation, and financing.

Services must be all-inclusive. Students, families, schools, and/or educators must not be asked to pay for any part of service. The bid proposal should include all necessary costs.

Supplement not Supplant:

Pursuant to 20 U.S.C. §1070a-22(e) participating GU-JC LEAs agree that these funds will supplement, and not supplant, other federal, State, and local funds that would otherwise be spent in carrying out the activities under this program.

Pursuant to the OMB Compliance Supplement, there is an automatic presumption of unlawful supplanting in the following circumstances:

1. GEAR UP funds are used to pay for a cost or activity that is required under another federal, state, or local law; or
2. GEAR UP funds are used to pay for a cost or activity that was paid for with other federal, State, or local funds in the prior year.

Section 1. Required Questions

Each organization responding to the bid should submit separate responses for each category and type of aligned service they are proposing. Combining multiple types of services may cause confusion and result in exclusion from consideration. Respond to each item in the category in order, and number the responses to match the criteria. Not responding to any item could result in exclusion from consideration.

For each category and aligned service you are proposing, you must answer the following questions as well as complete the budget section.

1. Estimated timeframe of completion of website design and development?
2. What support do you offer after site goes live?
3. Which content management system(s) do you use?
4. How will you handle hosting, maintenance, and security (FERPA, data, personal, etc.)?
5. Please share website samples from your portfolio of grant, nonprofit, and/or similar organizations.
6. Please share how your business will work with and invoice GUJC for items that may need follow-up after the website is built.

Section II. Funding Request of Services

All services must meet the cost principles required for federal funding. Please provide a budget with detailed costs, including both cost to GEAR UP and match, as well as answers to the following questions:

1. What is your total budget request?
2. How much match is your organization committing to?
3. Include a detailed budget that shows how the agency came to the cost per student. It is not sufficient to set a cost without explaining how those costs were determined. There must be sufficient details for the grant to review how the agency determined the cost per student. This must also describe the match budget and include match calculations. GEAR UP expects \$1:\$1 match from all providers.
4. Funds expended must meet the federal cost principles. Please describe below how your service meets each of the cost principles:
 - a. Allowable – Please indicate whether your proposed service satisfies a required or permissible service as described in federal regulations (linked here):
 - i. Required Services: https://www.ecfr.gov/cgi-bin/text-idx?SID=2728303d4b67828b49050fa62b01c57c&mc=true&node=se34.4.694_121&rgn=div8
 - ii. Permissible Services: https://www.ecfr.gov/cgi-bin/retrieveECFR?gp=&SID=e0948e7859fb6bcb9b35dfcc562e0164&mc=true&r=SECTION&n=s34.4.694_122
 - b. Reasonable – Please describe how the costs submitted are reasonable. The term “reasonable” is generally described as costs that a prudent person would agree are appropriate. Please consider how services are delivered (individually, small group, large group) and the education/experience level of the service delivery team when describing how your costs meet the reasonable standard.
 - c. Allocable – GEAR UP funds can only be used to support GEAR UP-JC participants – which includes cohort students, faculty and staff and parents. Please certify that you understand that GEAR UP funds cannot be used to serve non-GEAR UP populations.
 - d. Necessary – Describe WHY this service is necessary to meet the goals and objectives of the GEAR UP grant.
 - i. Increase the academic performance and preparation for postsecondary education for GEAR UP students.
 - ii. Increase the rate of high school graduation and participation in postsecondary education for GEAR UP students.
 - iii. Increase GEAR UP students’ and their families’ knowledge of postsecondary education options, preparation, and financing.

The option of whether or not to initiate contract negotiations rests solely with the University. No Bidder shall have any rights against the University arising from such negotiations.
