Enrollment and Program Completers

2021-22 Total	
Total Number of Individuals Enrolled	59
Subset of Program Completers	18

Gender	Total Enrolled	Subset of Program Completers
Male	23	6
Female	36	12
Non-Binary/Other	0	0
No Gender Reported	0	0
Race/Ethnicity	Total Enrolled	Subset of Program Completers

Native Hawaiian or Other Pacific Islander	0	0
White	48	15

Race/Ethnicity	Total Enrolled	Subset of Program Completers
Two or more races	0	0
No Race/Ethnicity Reported	3	1

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

THIS PAGE INCLUDES:

>> Teachers Prepared by Subject Area

>> Teachers Prepared by Academic Major

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2021-22.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

What are CIP Codes?

☐

No teachers prepared in academic year 2021-22

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2021-22. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. [\(\\$205\(b\)\(1\)\(H\)\)](#)

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

What are CIP Codes?

Does this teacher preparation provider grant degrees upon completion of its programs?

Respond to the following assurances. Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. [\(\\$205\(a\)\(1\)\(A\)\(iii\); \\$206\(b\)\)](#)

Program Assurances

Note: This section is preloaded from the prior year’s IPRC.

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

☒ Yes

☐ No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

☒ Yes

☐ No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

☒ Yes

☐ No

☐ Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

☒ Yes

☐ No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

☒ Yes

☐ No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

☒ Yes

☐ No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

☒ Yes

☐ No

8. Describe your institution’s most successful strategies in meeting the assurances listed above:

Each program has an advisory council consisting of P-12 practitioners that meet at least once per semester to address quantitative and qualitative data as well as other program requirements to ensure Montevallo candidates are meeting the needs of the school systems. The College of Education and Human Development faculty and staff meet once a year to evaluate data to ensure standards are being met.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. [\(§205\(a\)\(1\)\(B\)\)](#)

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. [\(\\$205\(a\)\(1\)\(F\)\)](#)

Does your program prepare teachers to:

a. integrate technology effectively into curricula and instruction

☒ Yes

☐ No

b. use technology effectively to collect data to improve teaching and learning

☒ Yes

☐ No

c. use technology effectively to manage data to improve teaching and learning

☒ Yes

☐ No

d. use technology effectively to analyze data to improve teaching and learning

☒ Yes

☐ No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

The effective use of technology is a continuous thread that runs through all initial teacher certification programs in the COE. In addition to offering technology classes for teacher candidates, instructional technology content is also embedded in classes throughout programs. For example, candidates in the “Literacy Block” courses learn to use technology tools to present lessons as well as record and analyze student-performance data. As students advance through the program into methods courses, they build upon their ability to use technology as an instructional and assessment tool by creating comprehensive lesson plans that incorporate safe and ethical uses of technology. During the internship semester, candidates use technology to facilitate the collection and analysis of student-performance data (i.e., pre and post test scores). Candidates also incorporate a variety of technology and resources into instruction, use technology to assess student progress, manage records, and, when appropriate, assess students’ technology proficiency.

Provide the following information about your teacher preparation program.

Teacher Training

1. Provide a description of the activities that prepare general education teachers to:

a. Teach students with disabilities effectively

In Phases 1 and 2 (ED 555/ED 550) candidates learn about “Addressing Student Learning Needs (Planned Supports)” as they write lesson plans. In ED 507 and ED 502, they learn about exceptionalities.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

In ED 502, secondary/P12 candidates learn what IEPs entail, and in ED 507, they look at case studies of students with IEPs. In the Elementary program, the special education process is introduced and evaluated in SPED 507.

c. Effectively teach students who are limited English proficient.

Throughout the secondary/P12 program, students are expected to create lesson plans and consider planned supports specifically for an EL student. In the elementary program a guest speaker (ESL elementary teacher) Kristen Reed comes each semester to Foundations Block to teach students strategies to use in the elementary classroom. Also, Dr. Smajic teaches a full math lesson in Pre-Internship Block completely in Bosnian for candidates to experience how it feels to be an ESL student trying to learn content.

2. Does your program prepare special education teachers?

- ☒ Yes
- ☐ No

If yes, provide a description of the activities that prepare *special education teachers* to:

a. Teach students with disabilities effectively

Please refer to Collaborative and EDHH Program Curricula and course descriptions found in the Undergraduate Bulletin at <http://bulletin.montevallo.edu/index.php>

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

The special education process is introduced and evaluated in SPED 507. Special education teacher candidates participate in a special education process meeting in SPED 540 and during internship. Elementary and Special Education teacher candidates participate in a mock special education meeting in SPED 515. EDHH candidates receive training on assessments and Assessment Team Reports in SPED 582 and prepare mock IEPs in

EDHH 576, and EDHH 577. They also participate in an EIP meeting during practicum and internship.

c. Effectively teach students who are limited English proficient.

SPED 507 provides candidates with a specific instructional module directed toward multicultural and bilingual aspects of special education. Teacher candidates are provided with instruction in providing ESL students with specific accommodations and modifications in the Methods Block and demonstrate their understanding of ESL instructional strategies through lesson preparation in Methods Block, Pre-Internship Block, and during internship
