

UNIVERSITY OF MONTEVALLO Career Development Center

Mission Statement

The University of Montevallo Career Development Center enhances student success by providing innovative educational programs, services, and resources that empower students to explore, define, and pursue meaningful employment and thrive in an ever-changing job market and workplace.

Vision Statement

As a result of a comprehensive career planning and professional development process, integral to the overall college experience, all University of Montevallo students will be personally responsible, professionally focused, self-directed, well prepared, fully equipped, and actively sought by employers.

Career Action Plan

Career development is a life-long learning process of exploration and decision-making and is best conceptualized by the following planning model:

Explore:

Discovering personal strengths and life direction.

Researching options and choosing a career path.

Engage:

Getting involved and gaining experience in activities relevant to a chosen career.

Building confidence and credibility.

Execute:

Organizing resources and ensuring preparedness.

Pursuing and obtaining meaningful career opportunities.
