Key features

Recording

Capture every last word from your classes, in person or online, on any device. Spoken phrases are visualized and marked where notes and labels are added.

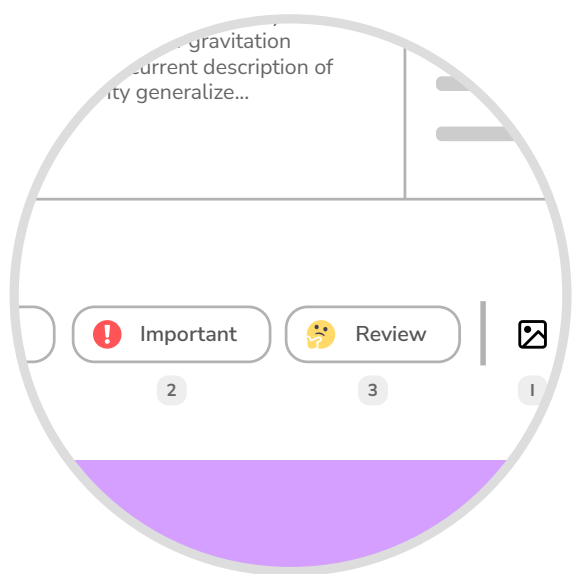

Classroom visuals

Always remember what was said about each slide or diagram in class! Add powerpoints, pdfs, photos and screenshots to accompany your recordings.

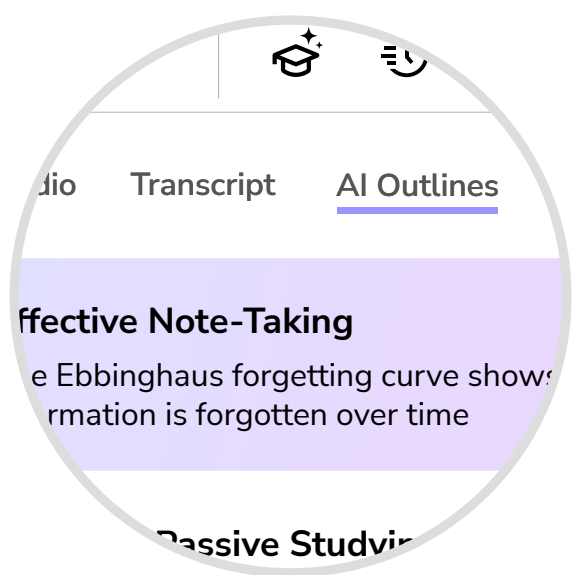

Transcription

Convert your audio recordings to text after class, and interact with information your own way.

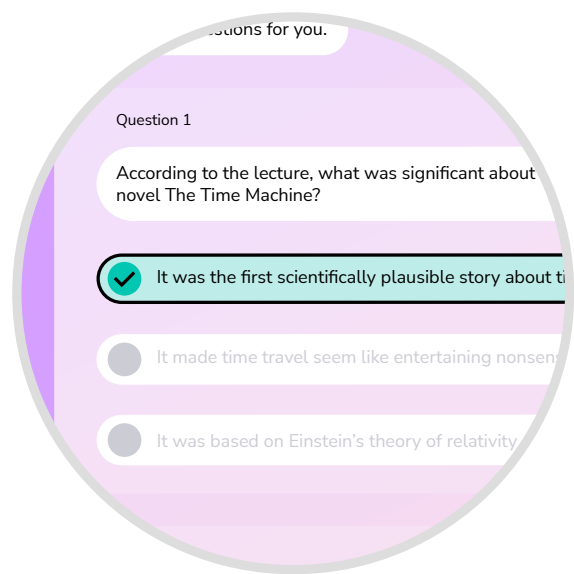

Quick Notes

Keep your focus in class while going full speed in your note taking. Make quick highlights on your recordings with a single click.

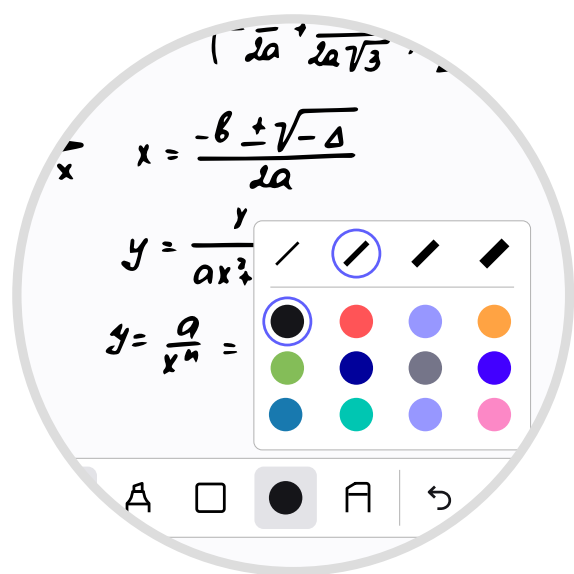

AI Outline

Navigate class content more easily by organizing your class content into clear structures summaries, meaning you can spend more time on learning and less time searching recordings and transcripts.

Quiz Me

Test yourself on recorded class content AI-generated multiple choice questions.

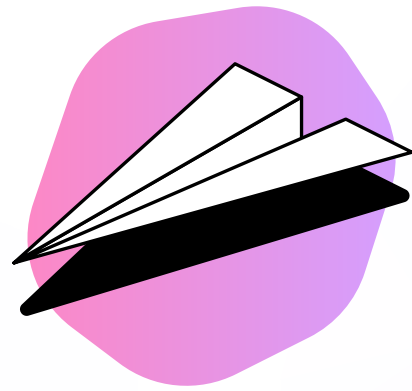

Scribble

Lot down equations, diagrams, and ideas as handwritten Scribbles, and add them to typed notes.
